

---

The schedule can also be found at [stokesea.com/als/training\\_schedule](http://stokesea.com/als/training_schedule). Most classes can also be scheduled as needed. In order to add a class to the schedule, a minimum of 5 people must be registered before the class can proceed.

The training schedule is subject to change. Classes are subject to cancellation and/or rescheduling. ALS will do everything possible to ensure a class remains on the schedule. Registration may be done via phone, fax or email. Payment must be received before or on the day of class.

*Payment can be made by cash, check, Visa, or MasterCard. A training certificate will not be issued until payment is received.*

Cancellations must be made a minimum of 24 hours in advance of the scheduled class to avoid a cancellation fee of half the cost of the class.

Please call us at 757-623-0121, fax to 757-623-2785, or send an email to [jebennison@stokesea.com](mailto:jebennison@stokesea.com) with any questions.

Thank you for allowing ALS to provide all your training needs.
