
The schedule can also be found at stokesea.com/als/training_schedule. Most classes can also be scheduled as needed. In order to add a class to the schedule, a minimum of 5 people must be registered before the class can proceed.

The training schedule is subject to change. Classes are subject to cancellation and/or rescheduling. ALS will do everything possible to ensure a class remains on the schedule. Registration may be done via phone, fax or email. Payment must be received before or on the day of class.

Payment can be made by cash, check, Visa, or MasterCard. A training certificate will not be issued until payment is received.

Cancellations must be made a minimum of 24 hours in advance of the scheduled class to avoid a cancellation fee of half the cost of the class.

Please call us at 757-623-0121, fax to 757-623-2785, or send an email to jebennison@stokesea.com with any questions.

Thank you for allowing ALS to provide all your training needs.
